

Thank you for being a Border Collie Rescue Texas Foster!

When you're ready to list your foster pup for adoption, just fill out the following form and send it via email to:

bcresweb@bcrescuetexas.org

Please also include any video links, and a few good pictures of your foster. You can take a look at the ones currently listed to get an idea of what we need. See <http://bcrescuetexas.org/2015/Jaxx-montage.jpg> as an example.

Please include the email address that you would like to use as a contact email. Your area coordinator will also be CC'd.

Thank you for your support!

Here's the basic information we like to post on dogs ready for adoption.

Rover

- Sex: Male
- Age: 4 years old
- Coat: Smooth coat, black & white
- Weight: ~28 lbs.
- Activity Level: Active Companion

Are you ready for this handsome man???

Rover is a fun, young bundle of Border Collie love and already knows a lot. He is a great guy who wants to hang out with his people and have a great time. Rover is about as sweet as they come, and wanting to give kisses. He is crate trained and housetrained, knows what a dog door is, and lots of basic commands like "sit", "down", "off". He likes tugging on a toy and has played at dock diving in the past. Rover loves wrestling with his foster siblings and would like an active doggie friend his own size for romping.

He is super smart and is eager to learn and be an active part of your life. He is an indoor dog who enjoys access to a securely fenced yard and interactive playtime. He needs mental as well as physical stimulation to keep him happy and it is just more fun that way! While he is great with adults and will settle under your chair while you are on the computer, when he gets excited he could accidentally knock over a young child, so we recommend no kids under 10 and no cats or small animals.

Rover came to us as a young puppy and was returned because his people didn't have time for him after having a family. But he hasn't let that get him down; Rover is now looking for his FOREVER home. He is healthy and up to date on all vet care.

Rover is being fostered in the McKinney area. If you are interested in learning more about or adopting this fantastic dog, please contact [BCRTx](#) or fill out the [adoption application](#).
